Tim called the meeting to order.

Jim Wieprecht motioned to approve March 2016 meeting minutes, Sam seconded. The January 2016 minutes were unanimously approved.

Tim discussed Sam's position on the board and that the board received a letter from the Farm Bureau supporting Sam as the Farm Bureau representative on the Monocacy board. George made a motion for Sam's position, Jim Dertzbaugh seconded.

Tim briefly discussed the river mist clean-up day in April through the Alice Ferguson Foundation. He mentioned that he has received lots of calls regarding the clean-up and that there seems to be quite an interest from the community.

The annual Monocacy paddle was discussed. The date for the paddle will be May 14th, meeting at 9:30. The 140 bridge crossing at Bridgeport Rd. was determined to be this year's put in, with a take-out at Rt. 77. Tim asked river board members to let him know interest by the May board meeting so that he may open up the paddle to others if there is availability.

The latest version of the management plan that was distributed in the packets was discussed. A few river board members offered comments at the meeting regarding certain sections. Other members provided marked up copies to have comments incorporated into the next revision.

The April draft of the river management plan was distributed for review.

Meeting adjourned at 8:20
